Who is responsible for pollution records?

To: Louisiana Department of Environmental Quality (LDEQ)

RE: Louisiana Integrated Polyethylene JV LLC — Draft Water Discharge Permit

Agency Interest (AI): 226602

Activity: PER20260001

LPDES Permit: LA0127532

Dear LDEQ:

I live in Southwest Louisiana, and I want to know which company is responsible for pollution at the Sasol and Louisiana Integrated Polyethylene (LIP JV) site. After the companies joined together, information that used to be under Sasol appears to be listed under LIP JV in EPA's online records. That makes it harder for regular people to find out what has happened at this plant.

Please make the companies explain who is responsible for reporting pollution, spills, and safety problems. Please also make sure people can easily find the old and new records in one clear place. We should not have to be computer experts to find out what is happening near our homes.

Please address this concern before approving the water discharge permit.

Thank you for considering my comment. Please include it in the public record and respond to the concerns I raised.
