Tell neighbors when chemical releases must be reported

To: Louisiana Department of Environmental Quality (LDEQ)

RE: Louisiana Integrated Polyethylene JV LLC — Draft Water Discharge Permit

Agency Interest (AI): 226602

Activity: PER20260001

LPDES Permit: LA0127532

Dear LDEQ:

When a plant releases chemicals, the public needs to know that the right agencies are being told. I have seen concerns that LIP JV may have changed the amount of ethylene released before a report is required. I do not know whether that change was allowed, and I want LDEQ to check.

Please tell us what reporting limit applies to LIP JV's ethylene releases, whether the company has been using the right number, and when any change was made. If there was a mistake, require corrected reports and any proper enforcement action. Please share the findings with local emergency responders and the community.

Thank you for considering my comment. Please include it in the public record and respond to the concerns I raised.
